## **Acknowledgements**

*Thanking each of you for your deep outpouring of love, your gentle words of support, the tenderness in your voices as we've spoken, the examples you've shared of how to endure grief, and especially the willing hands to coordinate everything during this exceptionally overwhelming and difficult time. You each have contributed to David's and my life in countless ways through the years. Without you, we were nothing. You are what 'family' means: Cathy, Jean, Squeekie, Meme, Ingrid, Greg, Bernie, Belyn, Bea.*
